3. Next you will pass over another larger valley.

5. Continue up the hill.

6. Now Vía Internacional is paralleling the U.S./Mexico border.

(Option 2 is explained further below if the line is longer.)

20. Option 1 Continued - Take a left at the new SENTRI entrance. This intersection is a bit tricky since the ALTO signs for each way are a bit far from each other. Be sure to look up to the left for the blue SENTRI sign, or you may end up on Col. Federal!

21. Option 1 Continued - Driving toward the SENTRI line.

Option 2: When the line is longer

22. After taking a RIGHT at the ALTO (Photo 19), continue STRAIGHT for several blocks.
